TO GO

Freshly produced award winning fine foods for collection from the Smokehouse

Over the years at the Smokehouse we have found that many people who are planning small informal gatherings or large dinner parties often need a little bit of help, but that the traditional catering services on offer are not quite what they are looking for. With this in mind, Smokehouse - To Go may be the answer to their culinary prayers!

Our chefs are constantly creating and preparing our award winning products and delicacies to fill our shop and café and it makes perfect sense to offer these products for collection.

Whether you know exactly what you are looking for, or you need a little bit of help choosing the perfect food to accompany your event (however big or small), we offer a bespoke service tailored to your exact requirements.

Take a look through the following tantalizing selections on offer to get an idea what we can do and phone or email your requirements, stating your collection date. We will freshly prepare the food, provide white porcelain plates, platters and bowls, which just need returning to us after the event. Nothing could be simpler!

Phillip, our resident wine chap, will be more than happy to discuss any drinks requirements which can be collected on the arranged date. We can even supply glasses if required.
